

Outdoor Learning Newsletter –

Spring Term 1, 2026

This Half Term in Year 1 and Year 3

This half term, the children have been taking part in the National Garden Birdwatch, observing snowdrops as they grow and discussing nature and seasonal changes. They have enhanced the bug hotel and participated in bug hunts. During the recent inclement weather, the children enjoyed building shelters to protect themselves from the rain. The Year 1 children also constructed a wormery, which was great fun! The children have not only learnt so much through hands-on outdoor activities but have also had a fantastic time exploring and discovering together.

Meet our new resident, who has already made himself at home in the hedgehog house! Please give a warm welcome to Sonic, a rescued hedgehog.

Exciting News

Miss Palmieri will be attending Forest AIM Level 3 Forest school training in March at Brockholes Nature Reserve.

Thank you

A huge thank you to FOPS for contributing £1500. The money has been used to purchase magnifying glasses, binoculars, gardening gloves, gardening tools and a camouflage den-making sheet.

If you have any unwanted items such as all in one waterproof suits and wellies please can you send them into school. This would be greatly appreciated. Thank you for your ongoing support in helping us to create meaningful outdoor learning experiences for every child.
