Dear Parents/Carers,

The Early Years Team are currently working towards achieving the Schools Step Outside Lancashire Quality Award. As part of this, we are developing and enhancing our outdoor learning areas and would greatly appreciate any donations of old or unused items that could be repurposed.

To help share our ideas, we have created some images and included them below to give you a sense of our vision. We are really excited about these developments and are committed to creating the very best outdoor environment for our children to learn, explore and thrive.

We are currently looking for:

- Plant pots or holders
- Shells
- Old kitchen utensils
- Plants- including tall grasses for the outdoor beds
- Fairies
- Diggers
- Figures

We are also hoping to develop our mud kitchen, and would like to create a specific area as shown in the picture. This would mean creating a border of stones/cobbles and cementing them in place. We have kindly been donated some bark to fill the space, but if you have any relevant materials or skills/experience in this area, we would be very grateful for your support.

If you are able to donate any of the items listed, no matter how big or small, please contact Miss Lancaster or Miss Pritchard to arrange a convenient drop-off time.

Thank you for your continued support.

Kind regards,
The Early Years Team
